3-yr. Transplants (2-1) 3- 5 in.	50.00		

We take every precaution in digging, packing and shipping our seedlings so that losses, if any, will be reduced to a minimum.

TRANSPLANTING INFORMATION

The figures 2-1, 2-2, shown above, represent the number of years the trees have been in seed beds, number of years in transplant beds, and the number of times transplanted. The first figure indicates the number of years the trees remained in the seed bed before being transplanted. The second figure indicates the number of years the trees remained in the transplant bed. The total of the figures indicates the age of the tree, and each dash represents one transplanting. The total of the figures add up to the age of the tree. Thus, a 2-2 Balsam Fir is a 4-year old tree which remained in the seed bed two years, was transplanted, and remained in the transplant bed two years.

White Spruce

MUGHO PINE

GUARANTEE..

We guarantee that 90% of the Transplants you buy from this Price List will live. If you will notify us before October 1, 1955, of the number over 10% which do not live, replacement will be made to equal 90% of the number originally purchased. If we are unable to furnish replacements in the exact size originally purchased, we will furnish them in the nearest size and variety. Shipments will be made by express collect or C.O.D. for postage. Trees shipped by freight or truck cannot be guaranteed.

Harry Eastman

ORDER NOW for SPRING!

Spring is the best time of year to establish your Maine-Grown, Guaranteed-To-Live Evergreens. But you must order now. Advance orders usually exhaust our supply of popular varieties before shipping time. We begin to ship your Transplanted Trees and Seedlings as soon as the frost leaves the ground, usually around April 15. Be sure you receive the varieties you want in time for spring planting. **ORDER EARLY — NOW and Save Money!** See how to order below.

SHIPPING WEIGHTS

The following shipping weights are approximate due to the different varieties. Weight per thousand trees, including packing material and crates, will average as follows: 2-year seedlings, 7 lbs.; 3-year seedlings, 15 lbs.; 3-year transplants, 28 lbs.; 4-year transplants, 80 lbs.; 5-year transplants, 200 lbs.; 6-year transplants, 200-300 lbs. All trees shipped by express unless otherwise specified. Trees shipped by freight are not covered by our Guarantee.

TERMS

Cash with order, or one half cash with order, balance C.O.D. All prices F.O.B. Fryeburg, Maine, net; no discounts. 250 trees of any one kind and size at the 1000 rate. For less than 250 of one kind ask for retail price list. No extra charge for Boxes or Packing.

Choices On All Orders

Use Handy Order Form!

Black Hill Spruce

WESTERN MAINE FOREST NURSERY CO., FRYEBURG, MAINE

Proper planting technique: First man with trees in left hand and shovel in right is ready to make the hole. Second man is inserting shovel straight into the ground. Third man has inserted shovel and has handle pushed ahead, forming opening for tree back of shovel. Fourth man, while keeping shovel pushed ahead with his foot, has taken one tree from the bundle carried in his right hand and is putting it in hole. Fifth man has removed shovel and is closing opening by stamping each side with his heel. On cleared land such as shown here, one trained man can easily plant 1000 trees a day.

MAKE MORE MONEY

... FILL THE BIG

DEMAND

for

CHRISTMAS TREES

Growing and selling Christmas Trees is by far one of the most profitable investments you can make. With very little labor or cultivation, you can easily increase your income from several hundred to several thousands of dollars every Christmas season. As little as an acre of **waste** or **marginal** land will yield from 3000 to 4000 handsome foliaged Western Maine Christmas Trees. Your first cost — of only **pennies** a tree — is your last cost which brings your gross profit to better than 500% over your cost price. More than 30 million Christmas Trees are in demand every season — at the sale price of at least \$1.00 to \$5.00 a tree. You can take advantage of this highly profitable, no labor opportunity NOW. Write TODAY for your FREE CHRISTMAS TREE BULLETIN that gives you the interesting facts about this very lucrative enterprise. It will help you to realize bigger profits every year!

SCIENTIFICALLY DESIGNED SPADE SAVES HOURS PLANTING TIME

Now Only \$7.50 Each

This professionally designed planting tool is the one we use at our Nursery in Fryeburg. An able man can easily plant at least 1000 trees a day with it. Each tool has just the proper weight and balance for every planting job. It is sturdily constructed to last for many years. Order several right away at this LOW SPRING PRICE. They'll save you many hours of planting time!

The illustrations at left show the proper planting technique. (Also see photo). Insert spade straight into the ground. Pull handle back and push forward to form opening for the tree back of spade. Spread out the roots. Close opening by stamping the soil with heel.

Tool is shipped F.O.B. FRYEBURG unless otherwise specified.

GROWERS OF EVERGREEN TREES

Fryeburg, Maine

Tree Growing Time

1 9 5 5

Dear Friend and Tree Grower:

It pays to plant the best! Yes, and when you buy GUARANTEED TO LIVE Western Maine Evergreens, you can be sure you'll be growing the finest Evergreens available.

You'll understand why, once you establish them on your land. Every Tree has those special quality features you want—colorful green foliage...extra hardiness...thick, sturdy branches. And every Tree, (except our sturdy seedlings) transplanted at least once, has strong, fibrous roots for quick, steady growth.

Equally important to you, Western Maine Evergreens still cost you less! You PAY JUST PENNIES A TREE—prices we believe to be the lowest anywhere! Low prices—plus our liberal GUARANTEE (see enclosed Wholesale Folder)—help you realize maximum tree-growing profits season after season WITHOUT FEAR OF LOSS! You'll appreciate, too, that Evergreens grown scientifically in our vast Fryeburg nurseries are accustomed to severest weather conditions. They grow sturdier, healthier, more colorful wherever your customers plant them.

TAKE ADVANTAGE OF THE BIG CHRISTMAS TREE DEMAND!

During the Christmas season, you can look forward to a mid-season sales jump by growing healthier, handsomer Christmas Trees. With practically no cultivation necessary, you can grow from 1000 to 3000 Western Maine Trees on as little as an acre of land. Put your waste or marginal land to work for you. When you send us your regular order, ask for your FREE COPY of our Christmas Tree Bulletin, described in the Wholesale Folder. It's a special service to our tree-growing friends.

Right now—look at the enclosed Folder—and select the varieties and amounts you want for spring planting. Please give second and third choices on the order form and mail with remittance in the return envelope. If you wish, send only one-half the amount and I'll ship C.O.D. for the balance. BUT PLEASE—SEND ME YOUR ORDER WITHOUT DELAY! Although we grow millions of Trees yearly, the demand for our low-priced, A-1 quality stock often exhausts our supply early. Wholesale orders are coming in fast now—and many varieties will be sold out before digging season starts.

Your order—in the MAIL TODAY—will reserve the Trees you want for spring planting. As soon as the frost leaves the ground in Fryeburg, our nursery folk will ship them to you—freshly dug and ready to plant for BIGGER and STEADIER TREE GROWING PROFITS for you.

Sincerely yours,

Harry Eastman
